Subject:	Reject Draft Opinion 2007-31 and approve Draft A for Opinion 2007-27.
Date:	12/13/2007 09:21 AM

As others have said:

Over the past few years, this Commission has shown tremendous sensitivity to the ways in which technology has transformed the terrain for campaign finance regulation, and has consistently taken an approach which encourages innovative efforts to encourage grassroots political activity through the Internet. For those efforts to continue, we urge the Commission to reject Draft Opinion 2007-31 and approve Draft A for Opinion 2007-27.
