History: This message has been forwarded.

Amy,

It is skimmerhat's intent to forward earmarked contributions to the selected candidates within 10 days after receipt. Along with the contributions, skimmerhat intends send a transmittal report that includes information on donors, which should help facilitate the candidate or candidate committee's reporting of contributions.

Dear Mr. Davis:

Thank you for our conversation earlier today. Please confirm the information that you provided in our discussion -- specifically, that skimmerhat intends to forward contributions to candidates within ten days after receipt.

We would appreciate your response via email. Your response may be treated as a supplement to the advisory opinion request; as such, it may be placed on the public record.

Thank you for your cooperation.
